

Approval Request Document

Sample document for the organizational approval workflow. This dummy PDF is intended for frontend/demo use until real backend documents are available.

1. Request Summary

Field	Details
Request Title	Sample Project / Procurement Approval
Approval Type	Budget / Purchase / Contract Approval
Department	Construction / Procurement / Finance
Requested By	Department Requesting Team
Amount	■10.00 L / ■1.00 Cr (sample)
Submitted Date	15 Sep 2026
Required By	18 Sep 2026
Current Status	Pending

2. Reason

Approval is required to proceed with the requested organizational activity, procurement, project work, staffing, payment, or investment.

3. Description

This sample request contains the standard information required by management for review. The exact project scope, commercial terms, quantities, and supporting evidence can be replaced with real data when the backend is connected.

4. Supporting Information

- Business / project requirement has been identified by the requesting department.
- Estimated cost and expected completion timeline are provided for management review.
- Relevant vendor, quotation, budget, contract, payment, or project documents may be attached.
- Final approval remains subject to authorized management decision.

5. Approval History

Action	By	Date
Submitted	Requesting Department	15 Sep 2026
Review	Management	Pending
Decision	Authorized Approver	Pending

Demo Note

This is a dummy supporting PDF created for the frontend. It is intentionally generic so it can be used for CEO or MD approval records across Budget, Purchase, HR, Marketing, Investment, Contract, Payment, and Vendor Approval sections.
